Highland Tropic + Series | Jari Ridge with Rosewood Border

All Paldeck products are made from a 100% C3 PVC™

core, so it will never rot or decay due to weather or insects. Cleaning is easy with basic soap and water.

It's comfortable to walk on, splinter-free, impervious to pests, mold and mildew.

COOL COLOR TECHNOLOGY™ Our proprietary encapsulation

technologies provide a finish that is inviting, soft to the touch and slip-resistant. It won't splinter like wood and is more durable than composites.

Cool Color Technology using proprietary pigments reduces heat build-up, keeping the surface cooler under the sun.

Paldeck Highland Tropic + Series utilizes our proprietary fused Encapsa Surface Technology, for maximum color stability, surface integrity, scratch and guaranteed stain resistance.
